AGENCY FOCUS REDEFINING EXPECTATION

Risk is as unique as your business, work alongside an expert in your industry.

LeBaron and Carroll Insurance has developed many specialty programs to aid our clients in loss prevention and cost savings. Our Agency understands that each type of business requires specific resources to mitigate potential cost. Our in depth assessment process identifies how well clients are currently managing their potential risk, and areas where they are open to loss. We partner with our clients to create and implement an annual action plan to help improve risk management efforts and boost cost savings.

Our History

For over 50 years, LeBaron and Carroll has been caring for businesses across the Southwest. We are a leading Independent Insurance Agency providing innovative solutions to meet our clients insurance and risk management needs.

Our Process

We understand business owners seldom have time to focus on emerging risks to their business, many times until it is too late. Our focus is both proactive & comprehensive. We listen, assess and create a plan to help clients protect their most valuable assets.
